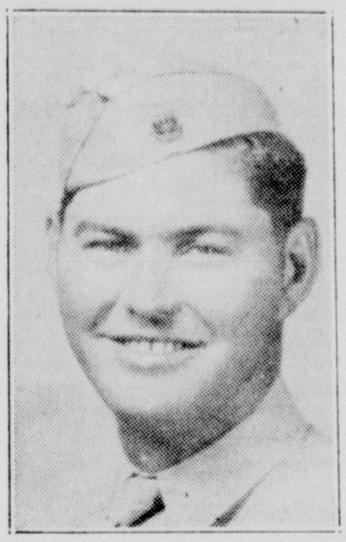
AMERICANS BLAST 19 JAP SHIPS

In The Air Corps



CORP. WILDER K. GRAHAM

Corp. Wilder K. Graham, a typical American soldier, is doing a good job at Spartenburg, South Carolina in the air corps of the United States army. He is with the 77th Pursuit Squadron which moved in some months ago from the west coast where the men had obtained valuable experience.

Corp. Graham recently visited Cameron. He is the son of Mr. and Mrs. H. E. Graham of Cameron.

Corp. Graham is a graduate of Yoe High School and was an all conference football player. He also graduated from the college at Wilmore, Kentucky. When the training program for the army began and prior to the declaration of war he entered the Air Service and obtained his diploma from the Mechanical School at Chanute, Illionis, last November. Like many thousands of other Americans he is "keeping 'em flying" as a valued man in the mechanical crews to service the fighters and bombers that must carry the daring airmen to the battle front.

5100 VOTES CAST IN SATURDAY ELECTION

Milam County gave Senator W. Lee O'Daniel a substantial lead over James V. Allred, in the senatorial run off primry Saturday.

Approximately 5100 votes were cast in the election as against 5000 predicted on Friday.

O'Daniel lost around 300 votes from his July total while Allred gained substantially the same number.

Here are the totals as announced unofficially early Monday by John B. Henderson, Chairman of the Democratic Executive Committee:

For United States Senator

O'Daniel	3090
Allred	2124

For Lieutenant Governor

Smith	3307
Beck	1720

For State Treasurer

James	4388
Hatcher	735

For Railroad Commissioner

Brooks	2409
Jester	2714

For Chairman Democratic Executive Committtee

TWO SERIOUSLY CUT IN TAVERN FIGHT

Leonard and Eddie Junek of Cameron are in the Cameron Hospital seriously wounded from knife cuts sustained Saturday night at a tavern on Little River at the Norman Valley Bridge.

A number of arrests have been made and charges have been filed.

At the office of Sheriff Valter White it was said a thorough investigation had not been made but early facts indicated that the fight started when a civilian resented attentions paid by his sweetie to a soldier.

When the fight began others put in and there developed a general participation from some ten or a dozen men.

Boyd and Smith Offield have been charged with aggravated assault.

Carl and Jerry Henson; Billy Peters of Rogers; and Joe Horelica all were charged with fighting

Physicians at Cameron Hospital said that while the Junek boys, seriously cut, will recover. They are sons of Ed Junek who lives north of Cameron

FOOD HANDLERS WILL GET INSTRUCTIONS

A food handlers school will be held in Cameron under the auspices of the Milam - Robertson County Health Unit in co-operation with the State Department of Health, beginning September 8, 1942.

Two hour classes will be held twice a week for three weeks, and a schedule is being worked out that will enable every food handler to attend regardless of what hours he may be working. This will mean giving the same lesson in the afternoon and evening of each class day, and a full program will be released within the next few days.

The purpose of this twelve-hour course is to familiarize food and drink handlers with high standards of sanitation and cleanliness in serving the public. Instruction in bacteriology, communicable diseases, medical zoology, foods, disinfection, sterilization, personal hygeiene and sanitation. Those who successfully complete this course of study will be awarded certificates from the Health Department, and food establishments whose personnel attend and whose premises meet sanitation standards will be given placeards to display.

This course of training is very timely at the present time due to the higher standards which must be introduced and maintained in all eating and drinking establishments during this time of war effort. The army is insisting on better sanitation in all places patronized by men in the armed service, and this training will enable each individual to familiarize himself with those methods which he will be expected to follow henceforth.

The hours and place of meeting will be set and announced within the next week so that everyone connected in anyway with handling, preparing or serving of food, milk or drink can have sufficient time to plan his attendance.

MRS. ELIZABETH BURNETT DIES IN CAMERON TUES

(From Tuesday's Daily)

Mrs. Elizabeth Burnett, 88, a native of South Carolina and for many years a resident of Cameron and Milam county, died at the home of her daughter, Mrs. W. D. Bigbee here at 8:30 a. m. Tuesday.

Mrs. Burnett had been in critical health for many weeks and her condition became more critical during the past few days. The end came early Tuesday.

Funeral services will be held at the Marlow Church at 3 p. m. Wednesday, August 26, 1942. Rev. Hall, Presbyterian minister of Corsicana, will officiate and the Green Funeral Home in Cameron will direct funeral arrangements. Interment will be made in the Marlow Cemetery where for many years the Burnett family lived and where the large family of children were born and reared.

The body will be at the home of her daughter, Mrs. W. D. Bigbee until the funeral hour on Wednesday.

Eight sons survive as follows: E. T. Burnett, W. B. Burnett, T. F. Burnett, A. W. Burnett all of Cameron; Dr. S. H. Burnett and G. E. Burnett of Corsicana; I. N. Burnett of Beaumont and J. B. Burnett of Memphis.

Two daughters survive as follows: Mrs. W. D. Bigbee and Mrs. R. C. Moody, both of Cameron.

The late Mrs. Giles McDermott was also a daughter of Mrs. Burnett.

Mrs. Burnett was the grandmother of Mrs. Carl Black of Cameron.

Pall bearers will be: H. B. Pressley, A. H. Baskin, Dave Link, Sam McDermott, W. G. Gillis, W. A. Bonds, Chas. Terry, George Mode. The honorary pall bearers will be Elders of the Presbyterian church.

Van Kennon, radio operator in the air service and crew member aboard fighter planes and bombers, is in Cameron to spend a few days with his parents, Mr. and Mrs. A. L. Kennon of Walkers Creek. He is stationed at Birmingham, Alabama. He is a nephew of Ben Kennon at the City Cafe.

Henry Hlavacek of Ad Hall was in Cameron Tuesday on business.

In Australia

CAPT. GLENN E. KAHLER

Capt. Glenn E. Kahler with the Medical Corps of the United States Army, is now stationed in Australia.

He is the son of Mr. and Mrs. E. J. Kahler of Buckholts.

Capt. Kahler graduated from high school in Cameron in 1928. After preliminary sources he entered the University of Texas School of Medicine at Galveston. After graduation from the medical school he served his internship at the John Sealey Hospital in Galveston and worked four years in the Clinic-Hospital at Wichita Falls.

When war came on Capt. Kahler enlisted and spent his early military days at Dodd Field, San Antonio and was later transfered to the Air Base at Jackson, Mississippi.

From Jackson he went to Australia with the American expeditionary forces. Mrs. Kahler lives at Post, Texas, with their small daughter.

Captain Kahler was promoted on July 5th.

Walks Three Miles To Vote For O'Daniel

Swamp John Russell, 82, walked 3 miles Saturday to cast a vote for Senator W. Lee O'Daniel.

He votes at Ad Hall. He came to Cameron and announced his support of the senator. Yesterday he killed a rattlesnake with 22 rattlers. He has killed more rattle snakes than any other man in Texas, no doubt.

Swamp John has been here a long time, a sturdy pioneer of the Daniel Boone type.

Ernest Sharpe to Lisbon Thursday

Ernest Sharpe, with the American Legation in Lisbon, Portugal, after two and a half months in the United States, has sailed for the Legation in Lisbon.

During the past two and a half months he was in Washington in the code school. He was married on June 6th to Miss Margaret Garrison. She sailed with him for Lisbon.

Mr. and Mrs. Sharpe left Thursday August 20th from Boston aboard the ship, Nyassa, a Portugese liner.

He is the son of Mr. and Mrs. R. E. Sharpe of Cameron.

Bond Sales Up in Report of Week

Bond sales jumped up this week when $16,825 were reported sold by Emory B. Camp, director of the Civilian Defense Council.

San Gabriel reported the largest sales with $7,000. There were other good reports also. Thorndale sold $3,300 and Rockdale reported in excess of $2,000.

The half mark was being reached gradually and with cotton being marketed the sales may reach the quota.

Instructor at Miami

LIEUT GILES C. AVRIETT

Lieut. Giles C. Avriett is now stationed at Miami Beach, Florida, where he is an instructor in an officers training school.

Lieut. Avriett was born and reared in Cameron, the son of Mr. and Mrs. Giles L. Avriett who now reside in Austin. He graduated from the University of Texas and took a position with the Seaboard Life Insurance Company in Houston from which place he volunteered for service.

Lieut. Avriett went to Sheppard Field at Wichita Falls and from there transfered to the Officers School at Miami Beach, Florida, where he was commissioned.

At present he is teaching a number of subjects in the school which is a training center for men who become officers.

Lieut. Avriett is a graduate of Yoe High School where he was an honor student and Valedictorian of his class. He graduated from the University with a brilliant student record and was a Roades Scholar nominee from the University .

Rev. and Mrs. Love Guests at Breakfast By Pastors in City

The Ministerial Association was hosts to a beautifully appointed breakfast, in the dining room of the Baptist church, honoring Rev. and Mrs. J. P. Love, who are leaving in a few days for Louisville, Ky., where they will reside in the future.

Rev. Bob L. Pool, president of the association, acted as toast master. A toast to the honorees was given by Mrs. Hester; two vocal solos, "Beautiful Dreams" by Steven F. Foster, and "Golden Key," by Carrie Jacob Bonds" were rendered by Mrs. W. G. Harsha, accompanied on the piano by Mrs. C. W. Bradbury.

Mrs. Jeff T. Kemp read and dedicated Edgar Guest's poem, "Service Measures Success."

All ministers of the city and invited laymen from each denomination were present and paid tribute to the long and valued services rendered by Rev. and Mrs. Love who have resided in Cameron for 18 years. The honored guests responded with words of deep appreciation and the meeting closed by all joining hands and singing "Blest Be the Ties that Binds."

RATION BOARD GIVEN SIX NEW MEMBERS

Six new members have been added to the Ration Board for Milam county and John B. Henderson has resigned as chairman of the board.

Mr. Henderson, in announcing the new board said that he had asked to be relieved of the Chairmanship but will retain his membership on the board.

Sam Perry of Rockdale will be the new chairman. Mr. Perry is one of three original members of the board. The third member is F. L. Gregory of Thorndale who will remain a member under the new set up.

The new board members are: Geo. N. Fisher of Milano; Gus Dickerson of Thordale; George E. Bredt of Rockdale. Bartle Crenan of Burlington; R. G. Grabein of Cameron and Cecil Criswell of Buckholts.

EPISCOPAL CHURCH

KUZEL WINS IN RACE FOR COMMISSIONER

W. E. Kuzel of Buckholts was nominated for Commissioner in Precinct 1, Saturday in the run off primary election over B. M. McMillion, incumbent.

Kuzel's majority based on unofficial complete returns from the Precinct was 196 votes. Mr. Kuzel carried all boxes in the Precinct except Burlington, Walkers Creek and Yarrellton.

In the first primary Mr. Kuzel led by a substantial plurality with McMillion second and Walter Fuchs, former Commissioner, in last place.

Both McMillion and Kuzel reside at Buckholts, the former in the city and Mr. Kuzel on his farm in the Corinth Community not far away. Both vote in the Buckholts box.

Mr. Kuzel is a widely known citizen and has always been pupular in the Precinct. He is a brother of John Kuzel who served for years on the County Board of Education. Mr. Kuzel is a member of the School Board at Buckholts and will bring to the office of Commissioner equipment in the form of experience and understanding of the problems of the Precinct and the County.

Appreciates City's Entertainment of Camp Hood Men

This from the father of a son in the 634th ank Destroyer Battalion whose officers and men were recent guests in our city:

Brooklyn, New York.

To the Chamber of Commerce and the Cameron Daily Herald:

I have just received a letter from my son who is in the 634th Tank Destroyer Battalion at Camp Hood and also a copy of your paper. After receiving the letter and a copy of your paper I could not help writing to you in regard to the way you people try to make the boys feel at home.

I never thought there were such friendly people to perfect strangers. You do not know how good I felt to know that some people still think of the boys away from home and try to keep them from getting lonesome.

We are only a family of four. I have another son who may be called soon. So you see how my wife and I feel and how it makes us feel when we heard from our son about the way the people of Cameron are treating them.

This is all I have to say except I want you to thank the people of Cameron and the Chamber of Commerce through your paper for what they are doing for the boys.

Jack P. Heidenfelder.

Miss Jane Gunn of Houston has returned to her work in that city after spending two months in Cameron with her parents, Mr. and Mrs. Ed Gunn. She has a place with the Scurlock Oil Company in Houston.

36 JAP PLANES SHOT DOWN OFF SOLOMONS

A mounting toll of ships and planes gave evidence today that the United States navy and air force are making the Japanese pay heavily in the battle of the Solomons.

At the present rate of destruction the backbone of Japanese sea and air power will be broken in the South Pacific and the way will be paved to recapture of the island bases taken in the early stages of the war last spring.

A naval communication at noon Thursday said that 19 Jap ships have been sunk or damaged in the current battle off the Solomons and 36 enemy planes have been shot down. The announcement said that only 3 Allied planes have been lost.

The battle off the Solomons was described as the largest sea engagement of the war and according to British sources may well be the second Jutland.

The battle has been in progress for days and apparently the end could not be seen. The first power thrust of the Japanese navy has been thrown back and with the resulting loss of 19 ships.

The Chinese continue their advance against the Japs. There was something unpredictable about the Japanese retreat.

The Reds have launched a powerful new offensive in the west to relieve pressure on Stalingrad. Early Thursday 36 German planes were shot down. The Reds have reclaimed a large section of the front and have thrown the Germans back. The situation was very critical however for the Red army.

A Nazi convoy was attacked early Thursday off the cost of France near Dieppe where the recent raid was staged.

NORRIS GREEN KILLED IN HOUSTON ACCIDENT

Norris Green, former resident here, was killed in Houston at 9 p. m. Tuesday when struck by a locomotive in railroad yard, presumably as he was on his way home from the days work.

Mr. Green formerly lived here and was associated with Earl Peck as an electrical helper.

Mrs. Green is the former Miss Virgie Bell Peck, a sister of Earl Peck of Cameron.

Funeral services were held in Temple Wednesday.

Mrs. Ruth Marek White, wife of Lt. Thomas Jefferson White, arrived in Cameron Sunday night to spend a few days with relatives and friends. She left Tampa, Florida, last Friday where her husband is a flying instructor at McDill Field. Mrs. White plans to spend two weeks with her parents, Mr. and Mrs Walter Marek who have moved from Burlington to Dallas.

Local Distributor Leaving Cameron; Bridge Over Little River Unsafe for Trucks; Nails Cost Him $110 in Tires Early Wednesday Morn

The high cost Cameron is paying for neglect by the State Highway Department was brought home to the people here Wednesday when it became known that one of the largest distributors in the city announced he is moving to Hearne, all because his trucks cannot get over the bridge over Little River.

The Distributor is Grady Little.

Early this morning nails and spikes in the bridge, ruined two truck tires that cost him $110. The tires cannot be replaced. This means a truck is out of commission.

The anger and indignation that sometimes influences momentary decisions are missing from the announcement of Mr. Little. He has figured it all out. He will give up his Cameron business because he has not adaquate outlet for his territory, especially in the southern part of the county.

No doubt other business firms have thought seriously about doing the same thing. Cameron will be destroyed. This is an apalling situation but no doubt the logical outcome of contined toleration of a bad situation that gets worse every day.

The complacency of local officials, Chamber of Commerce big wigs, and just about all the little wigs, is in large measure, responsible. Unless the people are inherently weak in their sense of justice and are devoid of pride, this situation can be remedied. Have we lost our leadership? To whom can we appeal? Are there no leaders? Have we no representatives in Austin? Is it true they just don't give a damn about us except in July of each two years?

When Mr. Little moves his business six families will go. Gasoline dealers will lose about 125 gallons sale each day. The lesson of this is that we are just plain damn fools for standing for it.

Mr. Little was very nice about it. He said a few things we didn't print, but so did Cordell Hull when he talk to Nomura and Karosou after the treacherous attack on Pearl Harbor.

We are tired of just getting small crumbs from a fabulous table.

Explanations won't help. They just humiliate us.

INCREASE DRIVE TO OUST JAPS FROM TULAGIA AREA

United States Marines have made their drive into the Solomon Islands pay off.

Saturday as the second phase of the battle began the Marines were in possession of all the vital area of Tulagia and in addition had won an important air base. It was the most encouraging report yet to come from the yet unknown details of the first offensive action of the war.

Losses in men and ships are reported to have been heavy. The Marines had drawn the place of honor for the first thrust against the Japs. They justified all faith in their fighting record.

The Japs were being thrown back. After the first shock of battle the remaining Japs in the Tulagia area fled to the jungles and some time will be required to hunt them down and kill them, which will be done in the systamatic campaign to retake all the islands of the South Pacific.

Encouraging news came from the Russian front as Red Armies began a counter offensive in sectors around Stalingrad and broke up German attacks near the Don river.

On the whole war news was scant. There was the usual lull before the storm indications in the situation. Chiefly an all out naval battle was expected in the Solomons. The Japs will risk all.

Wilkie Going to Moscow to Tell Reds Truth About War

Wendell Willkie is going to Moscow to tell the Soviet the truth about the war situation, said President Roosevelt in Washington early Friday.

This is the second important mission abroad for Mr. Willkie. The other was London where he saw the British war effort as a special messenger from the White House.

1300 Bales of New Cotton in Cameron

Thirteen hundred bales of new cotton have been received at the Cameron Compress, it was reported Friday by P. W. Davis, manager of the press.

Of the number it was believed more than half had been ginned in Cameron.

Local gins have been busy. The rain of Wednesday made picking impossible and in some sections picking may not be resumed until Monday.

Cotton was selling around 18.25 and up the best price in many years and there was a real prospect for money in the country this fall. Pickers are scarce and are getting a good price.

Clarence Hopkins Tells Of Capture of Cowboy Henry at Prison Farm

Clarence Hopkins, Assistant Manager on the Ramsey Prison Farm, told about the escape of and recapture of Cowboy Henry from the barracks after he had overcome a guard and took his pistol.

Mr. Hopkins was the only manager on the farm. Others had gone to another part of the system. He said Henry, a powerful man, had received a letter from his wife who is to be executed at the walls for the murder of a Houston salesman in a Louisana field after they had stolen his car.

Henry attacked the guard and took his pistol. The guard was badly injured. Henry seized with sudden desperation held the guard aloft and threw him bodily down the hall way for about 20 feet. He then ran out of the barracks and disappeared.

Mr. Hopkins was notified. He went to the barracks unarmed and took the convicts to the lockup after they had brought the guard out, first being assured they would not be shot.

Blood hounds were put on the trail. Mr. Hopkins returned to his home, obtained a winchester and organized his posse from among the guards. none of whom had experienced such a situation. He told them frankly that Henry was a desperate character and some of them might not come back.

Henry never succeeded in getting off the farm. Mr. Hopkins led the men by a short cut and intercepted the escaped man who emerged from high weeds suddenly. They opened fire. Bullets like a sickle cutting down the weeds. Not far away Henry plunged into a small lake and sought protection in some willows. The posse exhausted amunition quickly and Mr. Hopkins had but one shell left in his winchester. He told Henry he had one bullet left and he could figure out for himself how it would be used. Henry came out with his hands high. He heaped abuse on Mr. Hopkins who spared his life. The pistol was not found and Mr. Hopkins believes that Henry lost it in the water or stuck it in the mud.

Henry was taken to the walls under heavy guard. When captured within one hour after his escape, Beaumont and Houston officers were already on their way to the Ramsey farm.

Henry is under a 50 year sentence for murder of a man at San Antonio. He was at the Ramsey farm with a construction gang doing carpenter work when he sought to escape.

Churchill Gets Back To Downing Street

Amid claims of momentous consequences, Winston Churchill, came back to 10 Dowing Street in London Tuesday from a visit with Joseph Stalin in Moscow.

On the way back he visited British army headquarters in Africa.

Many influential London newspapers were speculating upon the possibilities of the Moscow conference. All were agreed if the meeting did not produce results it was a useless thing to arrange.

One newspaper said momentous developments are in the air. All the world hoped that for once a conference of this kind would really pay off.

SECOND FRONT TALK IS REVIVED OVER VISIT

Prime Minister Winston Churchill is in Mocow confering with Josef Stalin, it was announced officially in London Monday.

It was also said that Mr. Churchill arrived in Mocsow and confered with Stalin from August 12th through Saturday August 15th.

Whether Mr. Churchill had left the Soviet capital to return to London was of course a military secret. Thus twice within the year Mr. Churchill has arranged to meet the heads of the two great countries fighting the Germans.

A year ago Mr. Churchill met President Roosevelt aboard a United States warship in the waters of the North Atlantic for the historic conference that saw the Atlantic Charter issued, the predicate on which the nations fighting the axis will base a world peace after Hitler and the German nation has been defeated.

All peoples of the United Nations, particularly in the conquored countries were hopeful that the United States would go to war against Germany and that a second front would be opened against the Nazi. This hope was also forging up in the United States and was manifesting itself in cartoons and press editorials.

There would be little else to adduce from the Moscow conference. Mr. Churchill, a resourceful man and a good politician, may have sought to reassure Stalin to make up in devotion to the common cause what the Allies lack in preparation to fight.

Momentous developments may be expected. They have been expected before and usually come. Patience was the watchword and preparation was going ahead fast for the time when both England and the United States will fight.

Final Stages of Leningrad Fight Is Reached Tuesday.

The final stages of the battle for Leningrad had been reached in the bitter fight which has involved millions of men.

The Germans have cut the all important railroad from Moscow to Leningrad. It appeared Tuesday that Russia would lose the war in the south, though the armies of Timoshinko were contesting ever foot of the battle front and yielding only after exacting the most bloody sacrifices from the Germans.

All eyes were turned on London Tuesday and that second front which seems never to come. If delayed much longer Russia will have sacrificed too much.

Mrs. Leona G. White returned from San Marcos Thursday where she was awarded her Bachelor of Science Degree at Southwest Texas State Teachers College on Thursday night. Congressman Lyndon Johnson delivered the graduation address.

Frank J. Richter Is Promoted to Rank of Sergeant in Florida.

Frank J. Richter has been promoted to the rank of Sergeant after completing 5 weeks of intensive training at the Army Air Force Gunnery School at Tyndall Field in Panama City, Flornda.

News of his appointment came Friday morning from the public relations department at the field.

Sgt. Richter is the son of Mr. and Mrs. Frank Richter, Sr., who make their home at the central fire station where Mr. Richter has been driver for many years.

Sgt. Richter is a volunteer in the air corps. From Cameron he went to Jackson, Mississippi and was with John Wallace. There they were in the same Squadron and also with Lt. Thomas J. White. All three Cameron boys remained together until Sgt. Richter left recently for the gunner school. From Jackson, Mississippi, they went to Columbia, South Carolina and then back to Meridian, Mississippi. From there they were sent to McDill Field, Tampa, Florida.

Sgt. Richter will now go to Langley Field, Va., for duty. There is a possibility he may be again attached to the 315th Bombardment Group at Tampa and may soon see foreign duty.

6 JAP SHIPS ARE REPORTED SUNK

A naval battle the scope of which was said in dispatches Tuesday to be the largest of the war, was in progress off the Solomon Islands between the Pacific Fleet Units of the United States Navy and the Japs.

There were reports that at least 6 Japanese warships had been either sunk or put out of action and that two enemy aircraft carriers had been put out, one shot four times and believed sunk.

There were no official details except that the Navy Department in Washington said the fight has been going on for several days.

Recently it was predicted that the Japs would return after their first defeat and units of the Jap fleet have been observed moving south to the Solomons.

A United States bombing plane several days ago attacked a Japanese war ship 400 miles off the Solomons indicating the Japs may have been moving in.

The United States Navy has defeated the Japanese navy in two former major engagements, one in the Coral sea not far away from the present battle scene and in the Midway engagement off Hawaii in which the Japanese lost 4 aircraft carriers.

The present battle was described as much bigger than anything that has yet occured. All arms of the navy including dive bombers and land based flying fortresses are engaged in the battle. Some think it is a show down between the two navies.

NEW CHAIRMAN

J. B. White, editor and publisher of the Herald, was elected Chairman of the Democratic Executive Committee Saturday to succeed John B. Henderson who declined to run again.

Mr. and Mrs. Jack Lewis and family have returned from a several days stay at Texas City and Galveston where they enjoyed a vacation.

GERMAN ARMY CLOSING IN ON STALINGRAD

Russia's plight was becoming increasingly desperate Wednesday as the Germans hurled three quarters of a million men into the Stalingrad fight.

There was now no difference of opinion on how near the Germans are to winning the war or to knocking the Russians out, at least temporarily in this greatest of all battles of this war.

Stalingrad is being evacuated. Stalingrad will fall to the Germans. That will end effective Russian resistance and the whole of European Russia will have been divided by a great German army wedge to the foot of the Ural mountains.

Back in London weak speculation had it that something drastic is being planned. There was some belief the United Nations might open a second front out of sheer desperation over the plight of Russia.

Not only were the Germans prepared to take stalingrad. They were gaining new ground in the Causasus.

Meanwhile brave American and British airmen were carrying out widespread and destructive raids over Germany. Such will not win the war.

The United States Government was not informed, so announcement said, on the progress of the naval battle off the Solomons. Newspapers generally were reluctant to comment in the absence of news that can be relied upon.

Reports said some 12 Japanese ships had been "damaged" but nothing to indicate the truth or error of this reoprt.

Home Fired Monday By Lightning; Heavy Rain Falls in City

Lightning Monday afternoon set fire to curtains in the living room of the W. D. Faver home in Cameron and threatened to destroy the home.

Fire fighting equipment was dispatched to the home. Frank Richter, veteran driver, narrowly escaped a serious accident at the southeast corner of the court house when the big truck did an about face while turning the corner sharply.

The fire in the home was extinguished quickly.

A heavy downpour accompanied by severe electrical disturbances feautured the storm which brought in considerable wind velocity.

Mrs. John Lane Baskin has returned to her home in Houston after a visit with her parents Mr. and Mrs Grady Stidham.

O'DANIEL WINS TEXAS SENATORIAL NOMINATION

W. Lee O'Daniel won the Democratic nomination for United States Senator in Saturday's election and it was predicted that his majority would be about 14,000 votes over James V. Allred.

The results left O'Daniel short of the "great victory" he predicted would occur. In a properly managed campaign Allred might have won the nomination.

The former governor at his Houston home said: "It was my greatest campaign for the greatest cause." Allred had not conceded the O'Daniel victory but there was little doubt of the outcome.

Allred jumped into the lead Saturday night but lost it when the rural Texas vote came in. There were less than 50,000 votes to be counted Monday.

Jesse James won for State Treasurer; John Lee Smith beat Harold Beck for Lieutenant Governor and Beauford Jester of Corsicana defeated Pierce Brooks of Dallas for Railroad Commissioier.

METHODIST CHURCH NEWS

The Bryan District Woman's Society of Christian Service will hold a Missionary Institute starting at 10 a. m. Friday of this Week in the Cameron Methodist Church.

Sunday, August 30th, the Church School will meet at 9:45 a. m. and pastor will preach at 11 a. m. and 8:30 p. m.

The League will meet at 7:30 p. m.

The revival in progress from August 9th, closed Sunday August 23rd. Rev. John Neal, evangelist, brought great messages. We are grateful for the fine co-operation from the other churches and the community. Sixteen persons gave their names for Church membership.

Bob L. Pool, Pastor.

Miss Maurine Hollas has accepted a government position at Camp Stanley near San Antonio.

E. L. Rutherford of Rockdale was a Cameron visitor on Thursday.

OFFIELD-HARRIS

Miss Iva Mae Offield of Cameron formerly of Rogers and Vernon Harris of Rogers were married August 12 in a double ring ceremony performed by Rev. J. H. Wright.

The daughter of Mrs. C. B. Gilbert of Cameron, the bride wore a brown and green floral print dress, with brown accessories. She is a graduate of the Rogers high school and is now employed with the B. & B. Studio in Cameron.

Mr. Harris is the son of Mr. and Mrs. W. B. Harris of Rogers and is also a graduate of Rogers High School. He has served with the CCC program and the merchant marines. He will leave August 19 for the volunteer service in the U. S. Navy.

Attendants at the wedding were Mrs. Wright and the bride groom's mother.

Sgt, Vandy Murphy is now at Belvoir, Virginia, an engineering replacement training center for the United States Army. He formerly lived at 1207 West 15th Street in Cameron. He is attached to Company D of the 8th Engineering Training Battalion. His enlistment was reported to the Herald by Lieut. Thomas G. Burnes.

Lieut. Frank Newton In Africa "Whipping Hell Out of Germans"

Lieut. Frank M. Newton, United States Army air corps is in Africa.

Mrs. W. R. Newton, Sr., received a card from her son, this week.

Lieut. Newton tells of an interesting trip over. The air base is in much better location than he expected. He ends the message with these words: "We are whipping hell out of the Germans."

Lieut. Newton is a first pilot aboard a 4 motored B-24 bomber and has already seen action over the battle front.

Complete details of the wedding will be published in the Herald.

—Work or Fight—

In Merchant Marine

GLYNN McANULTY

Volunteered for service with the Merchant Marine in January 1941. He received his training at St. Petersburg, Florida.

Glynn is the youngest son of Mr. and Mrs. B. B. McAnulty of Bryant Station where he received his elementary education. He completed his high school work at Yoe High School of Cameron in May 1937.

A voyage of from two months to a year entitles a seaman the maximum layoff of only three weeks; Glynn was home on such a visit in May 1942. He returned to New Orleans, La., for duty. The last word being received from his thus far was that he is a member of a crew on a new ship being launched.

The general attitude among the seadogs is like this: If your ships number is up, the subs will get her; if her number "ain't" up, then they won't. Even if her number is, up, maybe yours isn't. "However, on a Tanker you face one extra danger. If her cargo is high test gasoline and it spreads on the sea after she's hit, there isn't much chance even with a boat for escape. (This fact is forcibly brought home to us in the recent loss of Max Schwinger, Jr., and Woodrow Ermis local boys whose lives were ended so tragically.)

"No seaman can be idle while there is war cargo to be shipped or troops to be transported. Shipmates refuse association with a Slacker," Glynn says.

At sea the men of a convoy sleep in their clothes with Life Preservers and pocket knives handy. (The knife is to cut the Life Boat loose; if the ship is hit, there is no time to lose in untying knots.) They figure the odds are in their favor of dying from exposure or being killed by torpedoes.

That, my friend, is WAR.—Buckholts News.

Reclassing Work Gets Under Way At the Local Board

Work of re-classification in accordance with instructions is well under way at the Local Board.

Lower catagories are now being considered in line with the policy announced by General Hershey several days ago.

Married men no longer have claims unless some unusual circumstance prevails in their case. The new compensation law virtually wipes out any claim for dependency.

In order to meet current calls and to make available manpower for the national ratio of drafts, all local boards are reviewing all previously deferred classes.

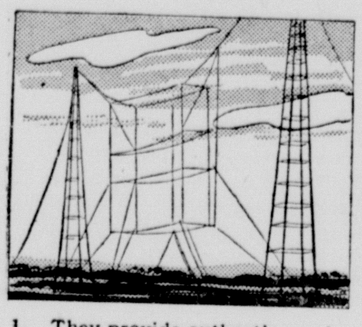
Towers of Truth

Chinese, Finnish, Tagalog, Dutch, Spanish—programs in more than a dozen tongues go out from the towers of General Electric stations WGEA and WGEO, Schenectady, and KGEI, San Francisco.



1. They provide authentic war information for news-starved peoples around the globe, entertainment for U.S. forces abroad. These G-E short-wave stations . . .

2. . . . have special antennas "pointed" at Australia, South America, China, Europe—making reception there almost as strong as from local stations.

3. They provided the only U.S. programs that reached Bataan. People in conquered lands risk their lives to listen. Smuggled letters say they bring hope of release.

4. Some announcers are regular G-E production employees, working on war work. They tell people in their native lands that America is determined on victory.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Application for Hike In Milk Prices Made

Application to the Office of Price Administration for an increase of 2c per quart in the price of retail milk, has been mailed, it was announced by John B. Henderson, local chairman for the Price Administration Board.

The application was filed by the Chamberlain Dairy, recently falling heir to the retail milk trade here when the Ford Dairy pulled out to sell milk to the government.

An increase in the price may not solve the problem, but will enable the Chamberlain Dairy to continue operation. Other milk sources may be necessary with overflow population from the military areas moving into Cameron.

CHRISTIAN SCIENCE SERVICES

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 30.

The Golden Text is: "The law was given by Moses, but grace and truth came by Jesus Christ" (John1:17.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And John bare record, saying, I saw the Spirit descending from heaven like a dove, and it abode upon him . . . And I saw, and bare record that this is the Son of God." (John 1:32, 34.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christ is the true idea voicing God, the divine message from God to men speaking to the human consciousness" (auge 332.)

CARD OF THANKS

I wish to express my appreciation to my friends and to all those who manifested an interest in my condition because of my recent accident. During my stay at the hospital and while I was confined to my home the people were genuinely sympathetic and displayed the interest of good neighbors. I wish to thank the hospital staff and the nurses. I use this method of sending my thanks so that all may know of my appreciation.

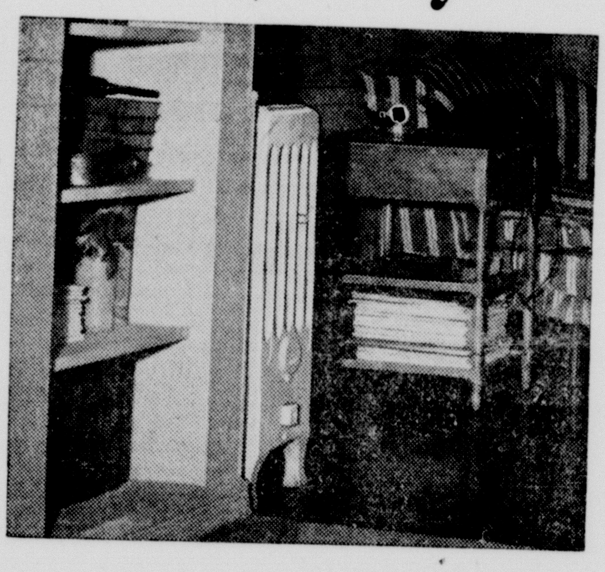
CAMERON, TEXAS

"Can I buy a Gas-steam Radiator, without a priority?"

Yes, if you need it



Steam Heat Without a Basement

Imagine the pleasure of steam heat on a small investment. These Radiators make their own thrifty steam, and you may have them vented or unvented.

Also Floor Furnaces, Circulators, Radiant Heaters

If you positively need them, you can buy them now

OF course we're going to be short on heaters! We've got to stop the enemy, and it *takes* that metal for ships and planes. But you can buy right now from the heater stock on hand, for those houses that have no heating at present. (Also, you can buy a Gas Range, if you haven't one). *Down Payment, Monthly Terms.*

Get ready for a war-time winter, with a house that's healthfully warm. Have you been wanting modern built-in heaters? . . . Floor Furnaces, Gas-steam Radiators, or Circulators? They were built to last for many years; they add definitely to the sale value of a place; and when you have a vented firebox, it means no sweating walls. With your cheap Natural Gas, the operating cost is especially economical. Simple installation, in houses old or new.

WAR FRONTS QUIET AS WEEK END APPROACHES

A halting war effort Saturday failed to produce any developments worthy of news headlines.

Radio broadcasting stations were recounting the Marine triumph in the Solomon Islands and making much of the destruction of 670 out of 700 Japs attempting to relieve beleagured forces in the island.

The big Commando raid on Dieppe, described as highly beneficial, was brought about after months of preparation and many have been somewhat in response to public demand.

A strike in Chrysler had tied up tank plants in Detroit.

The Reds were biting off German spearheads on the approaches to Stalingrad.

Andy Dragoo who lives in the Val Verde community, was in Cameron Saturday for the first time in several months. He formerly lived near Cameron. He is farming. His farm is located in Bell county just across the county line from Milam. While in the city Mr. Dragoo paid for four subscriptions, one of which goes to his son, Sgt. Marcellus A. Dragoo, now located at Camp Bowie.

$9,900 Bonds Sold During the Week

War Bond Sales for the week amounted to $9,900 according to the weekly report filed by Emory B. Camp, head of the Milam County Civilian Defense Council.

Up to date $574,044 in bonds and stamps have been purchased in the county. There remains $551,959 yet to be sold if the full quota is to be reached.

Nearly all communities in the county report sales. The city of Cameron is $117,000 short of its quota. Only $109,756 have been sold in Cameron to date.

Only a few of the communities have reached their quota. Much work remains to be done. It was expected sales would increase greatly this fall.

Fred Jackson Goes To Army; Volunteers

GERMANS CROSS DON RIVER AT STALINGRAD

The Germans have crossed the River Don near Stalingrad.

This announcement was regarded as a grave development in the battle and may indicate that although the Red army has staged a heroic fight, it may lose the industrially important center and with it the communication lines to Moscow and the South Coucasus.

While the Germans were making slow gains at terrific cost the Chinese were whipping the Japs badly by making important gains along the central China front. American air men are in the fight.

The Allies downed 13 Japanese planes in the Pacific theatre of war. Royal Airforce planes have bombed Sicily in the Mediterranean.

The largest convoy yet to reach Britain brought thousands of American figthing men to Britaish ports Sunday.

Leonard Junek Taken To Base Hospital

Leonard Junek, seriously injured when cut with a knife at the Norman Valley Bridge tavern on Saturday night was taken to the base hospital in Waco Tuesday in an army ambulance.

Eddie Junek, brother of Leonard is in a local hospital. Both were injured in the fight at the tavern.

All the facts connected with the fight were not available to the Herald.

O'Daniel Leads by 17,572 Votes; Only 4500 Yet Uncounted

Senator W. Lee O'Daniel had a majority of 17,592 votes Wednesday over James V. Allred for the United States Senate.

There were only 4500 votes to be counted. Mr. Allred had not as yet conceded his defeat.

TERRIFIC SLAUGHTER OF NAZI ON DON RIVER

In what noon dispatches Friday said was terrific slaughter the Red Army was taking a frightful toll of Germans in the battle of the Don River near Stalingrad.

"The Don River at Stalingrad is red with German blood," said the Soviet statement. A desperate battle is raging and there was every indication that the armies of General Timoshenko were determinted that the Germans fail in their attack as was the case last fall before Mossow.

The chips were down and the Germans, attacking with great fury were losing men so fast it was believed the Nazi could not stand the pace.

One reason for the frenzy of the German attack is the certainty of a second front against them.

The Soviet capital broadcast that a second front will come soon.

The Germans were thrown back across the Don River but had recrossed it at a terrific price and were believed to have been thwarted for the second time. The Red armies were slaughtering the Germans on other fronts, indicating the Germans are attacking with great force all along the line, possibly to win the war within the next few weeks.

UNITED STATES MARINES LAND IN GILBERT ISLES

United States Marines have landed on the Gilbert Islands.

Official Tokio admited the American forces are landing on the Gilberts but said the force was small, numbering about 200 men.

Washington had no comment to make. Allied forces are mopping up in the Solomons.

A new offensive was under way was said. Recently the United States naval forces attacked Japanese ships and installations in the Gilbert Islands.

Things were going better for the Allies since they began to fight. Early Friday 500 planes returned to Dieppe to continue the destruction following the raid on Wednesday. There was an open hint the United Nations Airmen are softening up the invasion coast. The Friday raid extended over a wide area.

Vichy reported great damage at Dieppe and that 3000 Allied troops were killed.

A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election, therefore; prescribing the form of ballot. providing for proclamation of such election and the advertisement thereof, and making an appropriation therefor

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court n civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submited to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hebery directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars ($10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication. 16-4t

TOTAL BALLOT WILL BE CUT IN STATE

Scattered reports from points in Texas early Saturday afternoon disclosed that James V. Allred was leading Senator W. Lee O'Daniel for United States Senator.

Returns compiled do not in any case indicate a conclusive trend. It was not likely any definitely reliable news could be obtained until poll closing time at 7 p. m. Returns will come in fast and the radio will have a great audience.

Returns in Cameron at 2 p. m. showed that around 450 votes had been polled. It was thought probable that the number to be cast here would be cut about 20 per cent. If this ratio holds good over the county the vote would be around 5000. In the July primary Milam county polled over 6000 votes.

Allred supporters pointed out that although he ran well in the rural sections in July the cities where organized labor has a large share of the poll taxes would give him a slight advantage and might turn the tide.

O'Daniel is strong in the hinter lands. Milam county was expected to give him a majority. The city of Cameron went strong against O'Daniel on July 25th and was expected to do so again.

The rural vote will determine the outcome, some believed. If the vote here can be taken as an indication the total in Texas might fall below a million.

Senator John Lee Smith of Throckmorton county, was a slight favorite in early voting. He was getting a good vote in Milam, although Senator Harold Beck was close behind, it was beileved.

Jesse James, state treasurer, will be elected by a commanding majority over Gregory Hatcher, former treasurer. Milam as usual was giving Mr. James his usual majority.

Pierce Brooks of Dallas who led in the railroad commission race on July 25 had a commanding lead over other candidates and was ahead Saturday. Brooks has always been a good starter but has failed of election 3 times for the Commission. Milam county was due to go to Brooks by a small majority.

Beauford Jester of Corsicana was the favorite to win the race. In his behalf in Texas a statewide campaign has been waged and this mighty effort was due to show winning results when the votes begin to come in early this evening.

The only run off in Milam was in Commissioner Precinct 1 with Beauford McMillion, incumbent, and W. E. Kuzel on the ballot.

A JOINT RESOLUTION

proposing an Amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw ard pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position or honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand ($5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election. 16-4t

Bomb 'em with JUNK

JUNK NEEDED FOR WAR
Scrap Iron and Steel
Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.
Other Metals—Rubber—Rags—
Manila Rope—Burlap Bags
Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.
WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only in certain areas, as announced locally.
NOT NEEDED (at this time)—Razor blades—glass

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee . . . If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!
